

Jiving Juniors Summer Camps Guidelines

- **Communication:** Any communications with Sandra will have to take place via phone or message for the moment.
- **Drop offs/pick ups:** Only one parent/guardian can drop/pick up the child. There will be a queue for drop/pick up and leave your child/children at the main door. Parents are requested not to enter the venue unless in the case of an emergency.
- **Classes tailored to avoid contact:** Camps will run as a normal camp would, but there will be no jiving or other forms of dance that require a partner. The class will focus mainly on line dancing, followed by solo versions of waltz, quickstep and foxtrot adapted so that pupils can still learn without a partner. We will do art and craft, watch videos on projector and play all the usual games. Class sizes are also limited.
- **Online payments:** To avoid exchanging cash where possible, parents will be asked to pay online via PayPal or Revolut.
- **Temperature checks:** Children's temperature will be checked when they arrive so they can be removed immediately if it is high. If any person is feeling unwell in any way, they should not come to class.
- **Hand sanitiser:** Hand Sanitizer will be provided at each camp. We ask that each child brings their own hand sanitizer for personal use during the week.
- **Facemasks:** People are welcome to wear facemasks if they wish.
- **Social distancing:** HSE guidelines will be followed. The use of hoola hoops, cones, measure taped will ensure that the correct distance is observed. All equipment used will be plastic based and will be sanitised by staff before and after every class.
- **First aid:** If a child requires a plaster or medical attention, a staff member will first ring a parent/guardian to notify the parent and ask the parent for permission to put on a plaster or provide assistance to the child etc. The staff member will wear gloves and a facemask when attending to the child. Hand sanitiser will be used also and all precautions will be taken. If the parent wishes for a staff member not to assist the child, the child can out a plaster on themselves or clean up a cut with assistance from staff or else a parent can arrive to assist.
- **Outdoors:** Outdoor activities are covered by Jiving Juniors insurance. The camp will run outdoors as much as is possible where weather and the venue allows.
- The Friday concert will be recorded and sent to parents to watch at home. There will be nobody allowed into the venue to watch like previous camps.
- **Staff:** All staff have engaged in team training and discussion about the running of camps, changes that will occur and how to work in the HSE guidelines. Our Staff will be trained in hand hygiene procedures and will remind children to follow same.
- Anyone showing symptoms of Covid19 prior to or outside of camp hours should notify Sandra and not attend camp. This is for staff and camp attendees. Sandra will complete an incident report and follow all HSE contact tracing guidelines
- Children must comply with all safety requirements, hand washing and coughing etiquette. There will be a short discussion about the do's and don'ts every morning when children come into camp.
